

Procedure for dismissing a student from the public school.

❖ If the child does not attend the regular school system (is a preschool or has come from another country and has not done any management with schools):
Just start, don't notify anyone

❖ If the child is part of the regular school system (public school), he/she must bring the following to the public school:

Circular Letter 10-2020-2021 of 28 October 2020 of the DE

Registration Movement Sheet

Request a copy of the credit transcript (if they don't want to give it to you, do not fight for documents; if you need it in the future to return to the system, they have to give it to you). No copy of student file is requested (this documentation is owned by the school). The most they can return to you is your birth certificate (if it was an original) and/or green vaccine paper.

❖ Report transfer to the private system with a letter signed by the parent.
