

Admission to Puerto Rico Universities

Universities have admission policies in place for home-schooled youth, some examples of what they might request:

College Board results (Spanish) or SAT I and II (English)

Presentation of a portfolio (interview) - if necessary, evidence of skill or talent

Affidavit (form in admissions)

Credit transcript made by parents (if requested)

In our University section, you will find the lists of universities (and institutes) and their entry requirements for "homeschoolers".
